Attack surface reduction rules (ASR rules) help prevent actions that malware often abuses to compromise devices and networks. You can set ASR rules for devices running any of the following editions and versions of Windows: Windows 10 Pro, version 1709 or later Windows 10 Enterprise, version 1709 or later

Enable attack surface reduction rules - Windows security ...

The ASR-10 (Advanced Sampling Recorder) was essentially the third generation of the EPS series of samplers, sharing the same basic architecture and user interface as the earlier EPS and EPS-16 Plus. The ASR-10, was like its predecessors, was a true performance orientated sampling workstation, and did not require a computer or additional equipment in order to create a complete song.
