Make a chain sttich that is six chain links long. Slide the hook through the first chain link you made--doing this should form a ring. (The first chain link is the one furthest away from the hook, since you made it first.)

**How to Crochet: 15 Steps (with Pictures) - wikiHow Life**  
\*Chain one. Skip the next chain and single crochet into the following chain. Repeat from \* across the entire row. You'll end with a single crochet in the final chain, and have half as many single crochet stitches in this row as the number of chains that you started with. In my sample, that means I have 10 single crochets (and 10 chain-1 spaces).

This month, we are going to learn to crochet a different type of raised sttich - the post sttich. Post stitches are worked around posts, not in loops. Post stitches can be worked around the front or the back of the post and, like the loops, gives a different look to your work depending on whether you work around the front or back post.
