Don't even think about it! They've kept us warm for thousands of years, but a new study says open fires may cause more pollution than the traffic on a busy road. Wed 11 Nov 2020 07.24 EST ...

Keep the home fires burning? Don't even think about it ...

Don't Even Think About It by Sarah Mlynowski is a story of a regular class who turn into freaks because of one flu shot they can hear everyones thoughts and everyones secrets. Will they tell someone? I recomend this book to ages 13 up and people who like intriguing book.

Don't Even Think About It by Sarah Mlynowski

Don't Even Think About It argues that the answers to these questions do not lie in the things that make us different and drive us apart, but rather in what we all share: how our human brains are wired, our evolutionary origins, our perceptions of threats, our cognitive blindspots, our love of storytelling, our fear of death, and our deepest instincts to defend our family and tribe.

Don't Even Think About It on Apple Books

Don't Even Think About It brings an important perspective—that of the social sciences—to the debate over climate change and presents that perspective in an accessible and engaging way. The climate debate, Marshall demonstrates, is no longer about carbon dioxide and temperature-change models. It's about biases, values, and ideology.
