FH-X700BT - Pioneer Electronics USA

On mine, you take off the faceplate and on the bottom center there is the area where the prong things go in. to the left of that is a rectangle and just left of that is a small circle. Use something to push in that circle, that's the reset. Or, at least that's what the Best Buy tech guy did to mine today to reset to factory.

Go into Settings, then System, then scroll until you see "BT Mem Clear". Press on this, press yes, and it'll reset stored bluetooth devices. Next, on your phone, make sure you're unpaired from the HU. Turn off the car and turn back on, try now! If that doesn't work, what I had to do once was disconnect my positive terminal from my battery.
