Part how-to and part why-to, The Big Tiny is not just a memoir of that "aha" moment post-trauma but an utterly seductive meditation on what it means to build the good life and the right life, every day. A graceful, inspired memoir about building a home from scratch and discovering a true sense of self in just eighty-four square feet by Dee Williams, a pioneer in sustainable living and the proud owner of a very tiny house.

The Big Tiny: A Built-It-Myself Memoir: Dee Williams ...

Dee Williams of Portland Alternative Dwellings has been hailed as a tiny house pioneer, having lived large in her very small home since 2004. In The Big Tiny, she explains why she did it, how she built the house from scratch, and what it's like living inside her eighty-four-square-foot dream mansion. Editor's recommendation.

The Big Tiny: A Built-It-Myself Memoir

I have been fascinated with the concept of tiny houses and have even considered building one. Reading Dee's account of how she built it, her ability to make the reader feel like they are standing next to her (long hair getting caught between two pieces of wood, ouch!) and her hilarious visual story telling made this book a winner for me.
