ManyBooks is one of the best resources on the web for free books in a variety of download formats. There are hundreds of books available here, in all sorts of interesting genres, and all of them are completely free. One of the best features of this site is that not all of the books listed here are classic or creative commons books. ManyBooks is in transition at the time of this writing. A beta test version of the site is available that features a serviceable search capability. Readers can also find books by browsing genres, popular selections, author, and editor's choice. Plus, ManyBooks has put together collections of books that are an interesting way to explore topics in a more organized way.

Book Review- The Guardian by Katie Klein. Genesis Green and her mother struggle to make ends meet. She is considered poor and feels that more and more when she goes out with boyfriend Carter. One night after an uncomfortable dinner with Carter's parents, Genesis and Carter are in a car accident.

The Guardian (The Guardians, #1) by Katie Klein

The Guardian is the first book in the trilogy by Katie Klein, and I plan on buying the next two installments! At the beginning of the book, the main character, Genesis Green, is dating a boy she thinks is way out of her league. She and her mom work at a crappy diner, just barely scraping by.
